Re: Petition in Support of the Attorney General's Office Court Case Against LG&E

The attached hundreds of signatures with more to come, are in total opposition of LG&E obtaining rate increases due to over \$500 million dollars in assets the company obtained last year. Most of those citizens on fixed income in Louisville, Kentucky especially during the winter months, find it a hardship to pay the existing rates.

We also support the Attorney General's Office on its stand against LG&E officials being in collusion (social dinner meetings) with those members of the Public Service Commission that approves all utility companies rate increases. It does not take a genius to figure out what is going on. We will be sending

Sincerely,

Reverend Louis Coleman
